

LEDWash 600X™

The super-slim LEDWash 600X features a new generation of 30% brighter 37 x 15 Watt RGBW multichip LEDs with colour output ranging from gentle pastels to the richest saturation.

Arranged in 3 concentric rings these LEDs offer unique possibilities for creating stunning colour and pattern audience blinding effects as well as for providing comprehensive and perfectly even wash coverage. This system sets the LEDWash 600X ahead of any other LED wash light products, making it a truly, „multi-purpose” unit, equipped also with Robe’s patented an extremely versatile 8-63 degree motorised zoom, powerful fast strobing and pre-programmed pulse strobe effects. PowerCON True1 chassis connector has been now added on the back of the fixture’s base to guarantee a safe power connection. The powerCON TRUE1 connector can be connected or disconnected under load or live.
